VOLUME 76, NUMBER 6 *– JUNE 2022 –* *OUR 900TH ISSUE*

AVA Convention – Rich Mallicote, AVA Convention Chairman

There is no additional information about the convention that is not included in the April Fare Box. Please make plans now to attend, by booking your room at the Hilton Garden Inn Ames and sending in your convention fees to me (checks made out to AVA).

If you are planning to arrive in Ames prior to the convention or stay at the hotel after the convention, please let me know as soon as you book your room. The Hilton booking system may not give you the lower AVA rate for those nights. If you let me know, I will have the Sales Director correct the room rate on those dates. I look forward to seeing you in Ames.

June 2022 NIS Update

NIS has made little headway in getting enough tokens for the next group to ship. I had hoped to find at least one token from a bus system, but none have been available that I have found. I will work toward a July date and hope that can occur.

One of the best ways NIS has for finding new tokens is the AVA members who, in their travels, come across a new token and let us know they exist. If you find a new token in your travels, whether you are NIS member or not, please let Joel Bernstein or me know. We do pursue trying to get them for the NIS members and get them included in the catalogue.

NIS is accepting new members. If you are interested in joining and getting the new tokens we are finding, please contact me at: Fred Sader, AVA NIS Manager E-mail: NIS@Vecturist.com
830 Cooper Drive, Charlotte, NC 28210-2932
Phone: (704) 679-3979 Cell: (704) 281-9843
If you call either number, please be prepared to leave a message so I can get back to you if I do not answer.

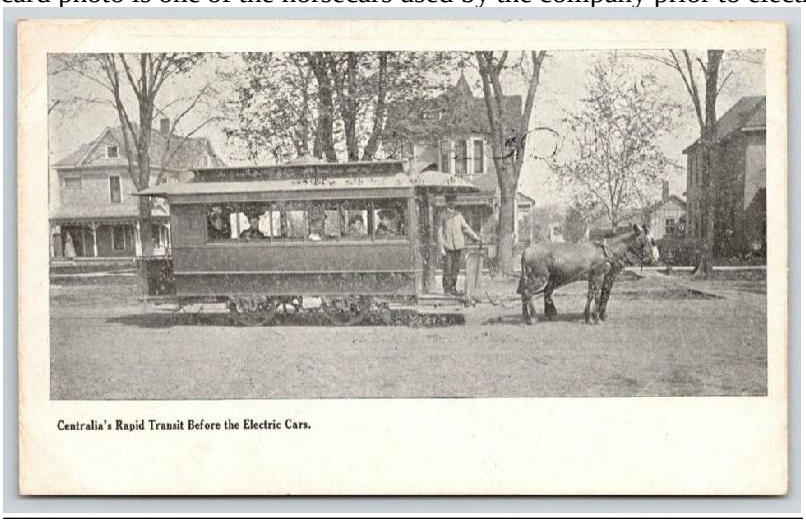
Centralia Center City Railway Co – Centralia, Illinois
Atwood-Coffee #130-A

By Curtis Judge #1566

Centralia Center City Railway Co. was a horsecar trolley line formed in 1892 in the south central Illinois city of Centralia. The line was profitable, expanded and was electrified in 1906. Centralia Central City Traction Co. purchased the operation and rolling stock in 1912 at which time it had 3 ½ miles of track with a spur line running from Centralia to Wamac. Trollies were abandoned for gasoline buses in 1930.

CCC Railway Company issued two tokens during its life. The 17mm white metal example shown below is listed as Illinois 130-A in the Atwood-Coffee transit catalog. Mintage is not known with the piece being given a $12.00 valuation. As typical of the era, the fare was 5 cents. A 17mm aluminum token using the same die work was also issued and is cataloged as #130-B. Past sales have shown valuations of $10-16.00 for the 130-A token being determined by condition of the token.

This postcard photo is one of the horsecars used by the company prior to electrification.



2022 AVA Convention Auction

The 2022 Convention Auction will be held at 9:00 A.M. on Saturday, August 6, 2022. There are 334

1. Bids start at Catalog Value. Lesser bids are not accepted, with exceptions noted (*)
2. Bid by lot number only.
3. Mail or email your bids to: Chris Donovan 3008 Mt Baldy Drive, Roseville, CA 95747 or gobearsdad@yahoo.com. I will acknowledge all email bids. No phone or fax bids.
4. The 7th addition Atwood Coffee catalog values rule, as modified by any Fare Box announcements.
5. Bids will be reduced to 10% above second highest bidder, or sold for catalog if there is only one bid.
6. Postage (and insurance for shipments over $100) will be added to all mail shipments. Payments must be made in US Dollars. I accept checks. I cannot accept PayPal because of their merchandise charges.
7. Bids must be in my hands by July 16, 2022 at 10:00 P.M. PDT.

PLEASE NOTE: 14 lots of tokens have been withdrawn (Lots 33, 172, 185, 187, 313, 365, 366, 367, 368, 369, 370, 371, 372, 373)

Editor's Note:

The AVA Auction this year will be different than it has in past years. It will include other transit related items at the discretion of the AVA Auction Chairman, Chris Donovan. If this idea is successful, the AVA is considering auctions for car wash tokens, parking tokens, foreign transportation tokens and more.

We are also including pictures of some of the items. We hope you enjoy these images Since this is our first year doing this, your opinion counts and helps. Please let Chris or the Editor, Bob Schneider know what your opinion is and how we can improve on this idea.

The AVA is hoping that this idea will create more interest in the auction and possibly the AVA Convention. This years convention is in Iowa and we hope to see you.

Chris Donovan, 916-764-4204 gobearsdad@yahoo.com

EVENTS WHERE EXOMUNIA ITEMS ARE AVAILABLE

Exonumia items are non-legal tender Numismatic items that are studied and collected. While there are events held exclusively for Exonumia items they are often also found at events labeled Numismatic events. This list is meant to be inclusive of any upcoming event where significant selling. buying or trading of Exonumia items takes place. The "Early Bird" hours, daily public bourse hours, educational forums and auction information is usually found on either the Website indicated or contact information on the list. Show dates are subject to change, so verify before attending. NOTE: AVA members who take part in Exonumia events not listed are encouraged to add those events to the list.

TN 415 G – reverse – add HM mintmark
VA 580 V – change (giraffe) to (giraffe head), add (reeded edge)
WA 400 B – add dash between TRI and CITIES

Discussion

AVA member Dave Ferguson has gone through his collection and has compared the wording on each token to what is shown in the catalog. He has found several hundred discrepancies. Most of these discrepancies date back to catalogs prior to the 7th edition. Since it will require a considerable amount of Fare Box space to document all of these discrepancies, I will discuss them over a number of issues. Most of the corrections involve missing or extraneous punctuation marks, misspelled words, or 1 mm size changes.

In this Fare Box, I am listing changes for Rhode Island through West Virginia tokens which require corrections in both editions. I am also listing corrections for Alabama through West Virginia tokens first listed after A-C 6. In the next Fare Box, I will list corrections for Wisconsin and District of Columbia, for Canadian provinces, and for the various token designations not considered regular listings.

The Osceola, AR token was posted in the World of Tokens Facebook Group. Osceola was on the St.Louis to Memphis division of the Frisco Railroad.

Indianapolis IN 460 AE is the same as IN 460 A except that it has periods after ST. and RR. IN 460 AE appeared in an eBay auction in May 2022. Pictures of IN 460 A are in tokencatalog.com and do not have periods. Therefore, I am considering IN 460 AE to be a new listing.

MI 680 J and WA880 F are identical except that MI 680 J is 1.32 mm thick while WA 880 F is .94 mm thick.

Winona Transit is now using 3 tokens. MN 980 L was already listed. MN 980 M and N are new listings.

U.S. PARKING TOKENS NEWS AND VIEWS

This article's goal is to provide Parking Token Collectors a list of what tokens can be collected. It supports a collector utilizing both a typical book token cataolog and www.tokencatalog.com. Members are encouraged to submit new tokens with image (BMP or JPEG files) of obverse and reverse, vital information (composition, diameter, etc.) state and city where used, operator and any history of token. Contact: Bill Brenner 570-698-8158, bbrenner@portjeff.net, 502 Stock Farm Rd. Lake Ariel, PA 18436.

Three Rivers Carousel Ride Token – Kennewick, WA

By Curtis Judge #1566

In 1910, the children of St. Joseph, Michigan, spent their days at the Silver Beach Amusement Park, riding one of the most exquisite carousels ever built. The cost was twenty-five cents for a three-minute ride on their most beloved horse or chariot. Charles Carmel, the master carver of the gentle, yet energetic-looking horses, created them with love and precision. His horses thrived in St. Joseph for sixty-two years. The Silver Beach Carousel was dismantled in 1972, before finding its way to a new home in Roswell, New Mexico where it sat in storage for 30 years. In the year 2002, Ken Johanning and Phil Slusser discovered the hidden gem of the Silver Beach Carousel and committed themselves to bringing it to the Tri-Cities of Washington. Fund raising for restoration and installation was slow with most of the work performed by volunteers. The carousel finally reopened to the public in 2014.

As part of the fund raising effort ride tokens were sold starting in 2004. The 29mm brass token shown below was minted by the Hoffman Mint in 2004. It is not known if it is currently used for rides on the carousel. This example is in uncirculated condition and listed as Washington 440-A in Atwoods transit catalog with a valuation of $1.00. A current listing on eBay offers uncirculated pieces for a buy it now price of $2.49.

The carousel now resides in a new fully enclosed year around use building which offers a snack bar, gift shop and event spaces.

This photo shows the splendid carousel in operation.

This image is a horse that was carved by Charles Carmel.
Note the great attention to detail that is not found on other rides. His work is highly prized for restorations and will bring large prices at auction. This is the head shown on the token !

FARE BOX ~ BUY ~ SELL ~ TRADE

June 2022

Advertising Manager: Bob Hewey ~ 307 Seabury Drive ~ Bloomfield, CT 06002 ~ 860-643-5701 boltonbob@aol.com. Please submit ads, each containing no more than 60 words, no later than the 21st of the month prior to publication. Larger ads must be sent to The Fare Box Editor. Your ad must contain your name and address with zip code. Phone and/or email address are optional. I'm now accepting up to two ads per member per month and will rerun ads up to three times upon request. Only ads relating to items in the American Vecturist Association publications will be printed.

All Ads must be received by the 21st of the prior Month
