VOLUME 81, NUMBER 6

- JUNE 2026 -

OUR 948th ISSUE

Bob Mills

Bob Mills AVA 2771 of Elizabeth, Pennsylvania passed away March 31, 2026, at the age of 82. Bob was a frequent attendee at AVA conventions. He was a veteran of the United States Air Force during the Vietnam War and was trained as an Air Controller. He continued to serve in that capacity for a time after discharge from the military. Later he worked for the Washington D.C. Metro as a bus driver. On September 11, 2001, he was driving his bus in the vicinity of the Pentagon. When he learned of the attack on the Pentagon, he immediately went to the Pentagon and helped evacuate survivors. He was subsequently recognized for his heroism.

In addition to his Vecturist hobby, he enjoyed singing in his church choir in Clairton Pennsylvania.

Bob was survived by his wife Ardis Kay, a daughter and 2 granddaughters.

CONVENTION 2026 – Rich Mallicote

Summer is coming fast. You should finish your plan now for our AVA convention on the days of August 22-24, 2026. We will be visiting the Pennsylvania Trolley Museum in Washington, Pennsylvania. Included with our trip to the museum to see their collection of 54 trolley cars will also be a 4-mile trolley ride and a behind-the-scenes visit to the restoration area. Washington, Pennsylvania is about a 30-minute drive down from Pittsburgh, so we hope that many of you in the northeastern US will attend. In addition to our AVA convention, the American Numismatic Association is planning their annual World's Fair of Money convention this year in Pittsburgh from August 25-29. So, you will be able to double up your token and coin convention attendance in one trip.

In addition to the museum, other Washington sites include the Duncan Miller Glass Museum, and a baseball game by the Washington Wild Things (a Frontier League team). Of course, a visit to nearby Pittsburgh might include a baseball game by the Pirates at PNC Park, the Phipps Conservatory and Botanical Gardens, the Carnegie Museum of Natural History, and the National Aviary.

Our host hotel is the Doubletree Hotel Washington Meadow Lands (by Hilton). The entire hotel was recently renovated. It is located near the Meadowlands Casino and there is an Outlet Mall nearby. Hotel shuttles are available to go to either of these sites. The room rate is \$109 per night plus taxes, and includes breakfast for two. The same room rate is available for three days prior and three days post-convention. The block of rooms we have reserved is available until July 21st, but don't wait too long to book your room. You can call 724-222-6200 to book your room. You can also book your room through this link: <https://www.hilton.com/en/book/reservation/deeplink/?cityhcn=PITMPDT&groupCode=CDTAVA&arrivaldate=2026-08-21&departuredate=2026-08-24&cid=OM,WW,HILTONLINK,EN,DirectLink&fromId=HILTONLINKDIRECT>

The convention registration cost is \$85 per person. You can mail a check, made out to AVA, to Richard Mallicote, 1039 Arbor Drive, Lakemont, GA 30552 for your registration. First-time convention attendees will receive a \$45 special registration rate – hope to see you there.

Tentative schedule for convention will be:

- Saturday, August 22 – auction (9:00 AM) & trolley museum visit (1:30 PM)
- Sunday, August 23 – bourse (9:00 AM – 5:00 PM) & buffet dinner (at the Doubletree)
- Monday, August 24 – business meeting (9:00 AM); leave by noon

We will hold our pre-convention board meeting via zoom to save having to arrive at convention for an extra day – thus lessening the hotel expenses. Look for an advertisement in the Fare Box for the board meeting details.

We look forward to your attendance at this year's convention. Several AVA members have already booked their plans to attend. If you haven't already, BOOK IT NOW!

UNITED STATES & FOREIGN PARKING TOKENS NEWS AND VIEWS Bill Brenner

This article's goal is to provide Parking Token Collectors a list of what tokens can be collected. It supports a collector utilizing both a typical book catalog and www.tokencatalog.com. Members are encouraged to submit new tokens with image (BMP or JPEG files) of obverse and reverse, vital information (composition, diameter, etc.) state and city where used, operator and any history of token. Contact: Bill Brenner 570-698-8158, billbrenner300@gmail.com, 502 Stock Farm Road, Lake Ariel, PA 18436.

In March of 1963, The Godfather of Parking Token Collectors [Duane H. Feisel] placed the following note in the AVA FARE BOX. "The new token for Harvey Savings is evidently the result of a new batch of tokens being made, but with a slight difference in the design. Those of you in areas where parking tokens are in use should keep your eyes open for things like this. Quite often a new batch of tokens will have a design different from the older tokens, and while the parking lot operator might not consider the difference important, we certainly do.

The Sioux City Token was previously listed as unidentified since no information was available from City Officials in regard to this token. This situation has not been changed, but since the only Sioux City the token could be from is in Iowa, that is where we shall list it..... {a scarce token} was found in a Dealer's Junk Box. Other scarce Parking Tokens, usually used some years ago, have been turned up the same way"

These notes have provided Collector's valuable directions over the years and are still the way we are adding to our Catalog in TokenCatalog.Com. Parking Tokens varieties are shown in the Catalog, tokens can be moved from unknown to a city and state plus Parking Tokens can be found in the Dealer's Junk Box. In addition, we added a category of "error" that the coin collectors are currently enjoying while the mint is reducing the type of coins produced,

A few tokens have been reported to me that need some detective work to see if they are Parking Tokens.

TC-32473 Collectors who live in Washing State might be able to advise us if this token was used for parking.

2026 AVA Convention Auction

The 2026 Convention Auction will be held at 9:00 A.M. on Friday August 22, 2026. There are 490 Lots priced from \$5 to \$350. There are no listings for either Car Wash or Parking Tokens this year. However, there are many more Multi Token Lots than last year. You may bid on these items by mail, email or on the Convention floor. We have a few rules:

1. Bids start at catalog value unless otherwise specified. Lesser bids will not be accepted.
2. Bid by lot number only.
3. Mail or email your bids to: Chris Donovan 3008 Mt Baldy Drive, Roseville, CA 95747 or gobearsdad@yahoo.com. I will acknowledge all email bids. No phone or fax bids please.
4. The 8th edition of the Atwood Coffee catalog values rule, as modified by any Fare Box announcements.
5. Bids will be reduced to 10% above second highest bidder, or sold for catalog if there is only one bid.
6. Postage (and insurance for shipments over \$100) will be added to all mail shipments. Payments must be made in US Dollars. I accept checks made out to Chris Donovan. I cannot accept PayPal because of their merchandise charges.
7. All bids must be in my hands by August 1, 2026.

LOT 464

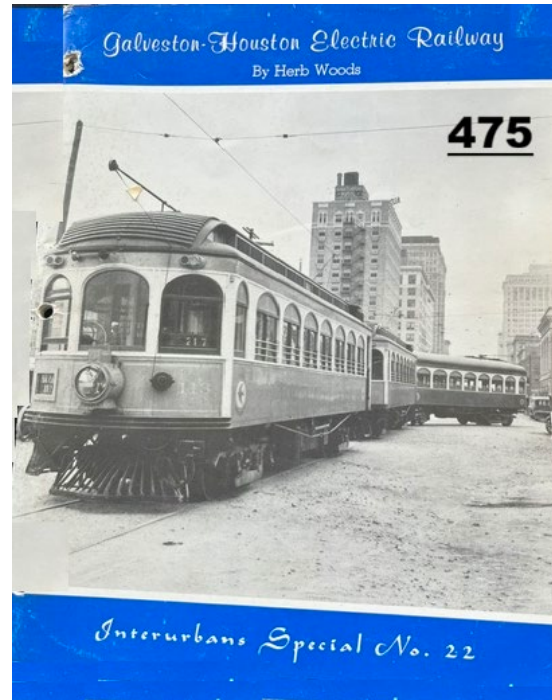

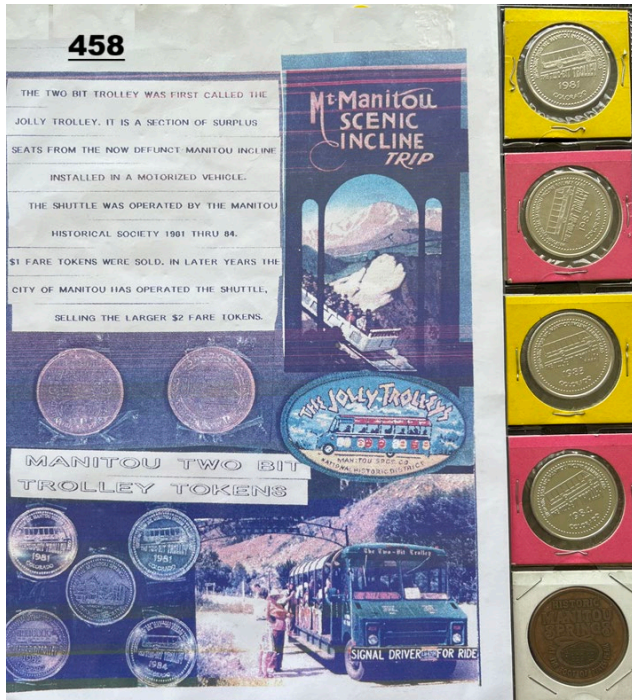

Marquette City Railway Company – Transfer Token **Marquette Michigan # 605-L** By: Curtis Judge

The Marquette and Presque Isle Railway Company started operations in 1891. It was an overhead-wire streetcar line that covered the city of Marquette. In 1925 the company was reorganized under the name Marquette City Railway. Financial conditions continued to worsen and after 1930 there was no money available for repairs or replacement of rolling stock. The last car operated on April 19, 1935. The traction railroad's powerhouse and car barn were located along Lake Superior near the current LS&I docks.

Passenger fares were 5 cents and booklets of paper tickets were sold at a slight discount. Transfer riders were given a 25mm octagonal aluminum token to present to the next car's conductor. Seven different transfer tokens were used, all similar in size and design differing only in the center cutout shape. A different cutout shape token was used depending on the day of the week. The transfer example shown below is listed as Michigan 605-L in the Atwood-Coffee transit catalog with a valuation of \$75.00. This example was listed in a May 2026 eBay auction with a starting price of \$75.00 but failed to receive any bids. The tokens are seldom seen and assembling a complete set of would be very difficult.

This photo shows one of the 5 cent ride tickets used By Marquette City.

This 1908 Postcard shows downtown Marquette and one of the M.C. Ry. Co. Trollys on Main Street.

Discussion

La Crosse sells adult tokens at a rate of 10 tokens for \$14.50. There is also a youth token. Details for that one will follow in a future Fare Box. MTU stands for Municipal Transit Utility.

The Columbiana Centre Mall in Columbia, SC has a carousel in the food court. I have no information on whether tokens were used in the past.

EVENTS WHERE EXOMUNIA ITEMS ARE AVAILABLE Bill Brenner

EXOMUNIA items are non-legal tender Numismatic items that are studied and collected. While there are events held exclusively for EXOMUNIA items they are often also found at events labeled Numismatic events. This list is meant to be inclusive of any upcoming event where significant selling, buying or trading of EXOMUNIA items takes place. The "Early Bird" hours, daily public bourse hours, educational forums and auction information is usually found on either the Website indicated or contact information on the list. Show dates are subject to change, so verify before attending. NOTE: AVA members who take part in EXOMUNIA events not listed are encouraged to add those events to the list. Submit to: Bill Brenner 570-698-8158 billbrenner300@gmail.com.

Atlantic City Expressway – State Police Usage Token

New Jersey # 710-D By: Curtis Judge

The Atlantic City Expressway is a 44.1-mile (70.97 km) controlled access toll road in the U.S. state of New Jersey. It is managed and operated by the South Jersey Transportation Authority. It runs from Route 42 near Turnersville southeast to Atlantic City, connecting Philadelphia, Atlantic City and other Jersey Shore resorts. Currently, The Atlantic City Expressway uses all electronic tolling with two mainline toll plazas (Egg Harbor in Hamilton Township and Pleasantville) and ramp tolls at seven interchanges. Tolls can be paid using E-Z Pass or toll by plate systems. The total cost to travel the length of the expressway for passenger vehicles is currently \$5.90.

The transportation authority has issued 4 different tokens over the years. Two were for general usage and two were for employees and Police vehicles. The 29mm bimetal example shown below is listed in the Atwood-Coffee transit catalog as NJ 710-D. 2000 pieces were struck in 1969 using white metal main bodies with a blue anodized aluminum center. The tokens are consimilar. This series of tokens was for the sole usage of State Police vehicles on the toll road. Catalog valuation is given as \$2.00, current 2026 eBay auction sales realized prices averaging \$4.00.

A view traveling west on the expressway and a photo of the expressway company logo.
